

Communication

News, Reports And Publications on the ENCOUNTER project, the latest research in Youth Mentoring and Children's Studies.

	 <p>The icon depicts two stylized human figures, one larger and one smaller, standing on a set of three steps. The larger figure is on the left, and the smaller figure is on the right, appearing to be climbing the steps. There are several small symbols around them: a plus sign above the larger figure, a diamond to the left, a plus sign below the larger figure, a plus sign above the smaller figure, and a plus sign below the smaller figure. Below the icon, the word "MENTORING" is written in capital letters.</p>
